Sherri Henley is an expert speaker.

From corporate to small business, pulpit to social platforms, Sherri knows how to engage a crowd through interaction, motivation, inspiration, leadership, and philosophy.

A perfect mix of corporate and non-profit backgrounds combined with an introspective poet, singer, songwriter-turned-powerful entrepreneur, to create a woman who brings valuable deliverables to the table, conference room, or auditorium every time!

As **Speaker. Author. Trainer**, Sherri's latest book, *Come Into Your OWN - A 31 Day Experience* has been touted as "The People's Book" by CBS Anchor, *Marybeth Conley*.

Sherri has authored several published books and is featured periodically in magazines and op-eds as a digital strategist and business columnist.

As Founder of Business Over Coffee International, Professional Boost Program, Sherri Henley Intelligence, Digital Citizen University, iShare Agency, Together Strong Revolution and Come Into Your OWN Movement, Sherri's business acumen and leadership skills establish her as a subject-matter authority and thought leader.

Come Into Your OWN

THE KEYNOTE

...taught from a Christian perspective, has inspired others to reach beyond their present circumstance and focus for the future. By simply understanding that taking OWNership of ones body, mind, soul and spirit is the only way to wholeness, a holistic philosophy is employed by implementing value-based principles. By applying key points, the *Come Into Your OWN* discovery process brings light to darkness, strength to weakness, wellness to life and hope to hope-seekers.

"Little did I know that Sherri was going to challenge me to get way outside my comfort zone and dig deep for what was already inside. I have told Sherri that I came to her about my business, but I found my story. I now OWN my story and my future. The process of self-discovery has led me to have a clear vision for my career, family, team, ministry and mission."

Mary McCammon, RN – Business Owner

Latest Book Release:

- ✓ How to come into your OWN is a discovery process with many moving parts.
- ✓ Allowing these parts to move in sync and strategically carry out the evolutionary process of embracing oneself, for better or for worse...is a journey.
